

October 2012

It was a crisis that led me to Rose. While searching for a spiritual friend of mine I had lost contact with in the Hamilton psychic community, I came across Rose's contact information. My contact with Rose brought to my attention my need for a new spiritual guide/mentor in my life. As a result of only one session with Rose, a completely new direction in my spiritual development unravelled that I would have NEVER imagined!!

I have never met anyone quite like Rose who can apply and share so many talents, gifts and vast amount of spiritual knowledge like she did with me! It blew me away! And I speak as a person who has always remained protective and hesitant of whom I connect with on a spiritual level, especially when seeking psychic guidance. To all readers, Rose is a truly gifted and unique light worker and intuitive counsellor. That pull you feel inside you to receive guidance and healing from Rose, follow it! You WILL receive more than what you were asking!!
