

Rose Ann Kulyk

Intuitive Counsellor and Spiritual Teacher.

Rose is amazing counsellor and guide. She has helped me develop my self in so many ways.

When I first met Rose several years ago I was in turmoil, my marriage was ending and I was destroying myself with diet and stress. I didn't believe that any one could help. My self esteem and confidence was at an all time low.

Meeting Rose and speaking with her and allowing the healing to begin, I began to see me and feel 100% confident in all areas of my life. Rose has shown me that spirit works within all of us and by just allowing yourself to release the control to spirit then life seems to regain balance.

Rose is a blessing in my life her warmth and love shines through all of her from her gentle words and healing heart Rose will help you help yourself. Rose is insightful and real she promises to guide you and help you help yourself only if you can release yourself and only if you are ready.

Rose is an, angel she shines so brightly with love her readings and healings are truly insightful and meaningful.

I respect Rose as a healer, teacher and friend.

Thank you, Rose for all you have done and continue to do for me.

Love and Blessings
