Hi Rose,

Thank you so very much for the reading. It was a real pleasure and honour to meet you.

I received the recording fine. It was a Windows Media file (WMA). It will only play on Windows Media player. No problem.

I've heard the reading twice now, and I'm beginning to see and understand more than the first time.

I apologize for being so reserved and withdrawn. I was actually trying hard to take in and absorb everything you had to say. My disguise is the diplomat. I was afraid of my father and am generally afraid of upsetting or disturbing anyone.

Your words fell upon my ears and my heart like much needed support and love. Thank you. I look forward to forgiving and accepting the love the World has to offer.

Thank you. I am so grateful for your time and patience. I am honoured and truly blessed for your friendship.

May the blessings be....

Love,
Mo

Hello Rose,

How are you? Hope everything is wonderful.

I have had some amazing transformations, since we spoke last. I started a new job yesterday. The "change is coming".

I actually started the inward reflection and started forgiving some key people in my life. I forgave and asked forgiveness from an old friend. I am reconciling and forgiving my in-laws .

I have also been receiving some very strong feelings about forgiving my father. He has been on my mind, more than ever before. I believe that I'm convinced that I cannot absolve them of their faults or errors-just forgive them and release the hold that I've kept on them.

Last night I had a dream about my Dad. I was performing a Reiki session on him. It was a very real and emotional dream. I wept, uncontrollably. I think my soul -my Self, truly desires to release him and sincerely forgive him.

Thank you so very much for speaking with me and helping see the ugly truth. Thank you for giving me the courage to be brave and fearless. Thank you for making me aware of the intense importance of a managing karma and taking responsibility.

You're the best.

Best regards,

Hi Rose,

Yes.

I have since reconciled with my dad and we are speaking and there is sincerity.

I'm so happy and grateful that I came to you and that I applied your counsel. Your words and genuine concern for my root challenge helped me visit and address such an ugly place.

I feel like a paradigm shift has occurred in my life and that I'm experiencing a whole new level of responsibility.

So many new, brave and bold doors are opening.

I would be honoured if you wanted to share my testimonial with others.

Lots of Love,

Mo
